

Photo shows John with his great grandson Isaac holding a plastic container with a TAVR inside.

GREETINGS FELLOW TAVR HEART PATIENTS

My name is John Ehm, a retired aged pensioner living on my own in Cairns, QLD, Australia.

I want you to help me write my third heart book written by patients about their journey of heart disease.

- It will be named **“Lovers of the Heart”**
- It will be a collection of stories **written by people from all over the world** who continue to live with a TAVR implant.

“Matters of the Heart” was written and published in 2009.

“Affairs of the Heart” was written and self-published in 2022.

Both are available on Amazon Kindle John Ehm Ebooks.

Please contact me if you wish to help
